DETAILED ACTION

Applicant's election with traverse of Group I (claims 1-30 and 34) in the reply filed on 7/18/05 is acknowledged. The traversal is on the ground(s) that Groups I and II are coextensive. This is not found persuasive because Group II would classify in different class and required further search, for example, the step of etching and masking can be made different process, such as drilling, stamping or any chemical vapor process.

The requirement is still deemed proper and is therefore made FINAL. Claims 31-33 are withdrawn from further consideration as being drawn to non-elected subject matter. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

-Claims 31-33 have been canceled.

The following is an examiner's statement of reasons for allowance:

The prior art of record fail to teach or suggest a magnetoresistive memory device comprising a laminated body including a magnetoresistive layer a magnetizing direction of which is changed by an external magnetic field and constituted such that a current is made to flow in a direction orthogonal to a laminated layer face, an annular magnetic layer arranged at a side of one face of the laminated body to constitute an axial direction by a direction along the laminated body layer face, and a plurality of lead wires penetrating the annular magnetic layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Son T. Dinh whose telephone number is 571-272-1868. The examiner can normally be reached on Monday to Friday 8am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Elms can be reached on 571-272-1869. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
